4. Logging in for the first time

- 1) Once you are on the app you will continue with the following steps, *keep in mind if it's the first time you log into your account you will see the following: If you have login in the past skip through next session.*

NOTE: Following information will only be required if it's the first time you log in through Healow

You will be asked for the relationship to the person they are logging in, for self- select myself and so on

Next, read and agree to the Terms & Conditions

You will be asked to create a 4-digit pin which you will then use in the future to login. (It will also be quicker) Once you create a pin you will then be asked to confirm it.

You will have the option to create a Touch ID, you can skip it by clicking the "Not Now" option at the bottom of the screen.

- 2) Next, you will see the following screens:

Information about Healow, you can just click next.

Next, you will be asked to enter your phone number, then a 4 digit code will be text to that number which you will need to enter on the next screen.

- 3) Next, you will be asked to either allow (by pressing ok) or don't allow access to your Camera or Microphone.

In order for you to be able to see, hear and talk to the provider you need to allow access

4) Lastly, you should be able to see the following:

Here you will be able to see your information along with Shalom's information, you can simply click on the complete option at the bottom of the screen

On the final screen, you can click "Done" to go to your dashboard. Again, next time you log in all you will need to do is either enter the 4-digit code or Touch ID process.

5. How to view your upcoming appointment

1) Once you log in with your Username and Password you will see the following:

If you have an appointment, the blue box will turn red

Like this

If you click on the red box you will be able to see your appointment time.

10 minutes before your appointment you will be able to click on "Start Tele visit" at the bottom so you can wait for your Provider to connect.

You will be asked to enter your Vitals, you don't need to submit them simply click on submit vitals so you can be sent to the hold queue to notify your Provider that you are ready for them.

Finally, all you need to do is wait for Provider.

Thank you.
